1–10. Overview

a. MILPER information is a multifunctional program. It requires the connectivity of all other personnel functions and multifunctional programs.

b. Information about soldiers is accumulated at various locations. Essential personnel information is recorded in a record for use by personnel managers, commanders, and the individual soldier. The primary responsibility for accumulating personnel information is the Military Personnel Division (MPD)/Personnel Service Company (PSC).

1–11. The principles of support

The military personnel system will direct a function to provide—

a. A record of critical personnel information about soldiers to support battlefield decisions and to satisfy the nation's obligation to retain historical information for its veterans.

- b. A manual source of information on skills, grades, numbers, and physical limitations as a backup to the electronic personnel databases.
- c. Support to the Army's personnel life-cycle function of sustainment.

1-12. The standards of service

- a. MILPER Information Management/Records includes the following:
 - (1) A wartime military personnel multifunctional program.
 - (2) Resourced in the table of organization and equipment (TOE) PSC with tables of distribution and allowances (TDA) augmentation for personnel operations in garrison.
 - (3) Deploys with the tactical force.
 - (4) The functional responsibility of the MILPER Information Management/Records Program (and its tactical counterpart).
- b. The execution of the MILPER Information Management/Records Program requires connectivity with all the Military Personnel Functions/Multifunctional Programs.
- c. All military personnel functional proponents support the program managers in the execution of the program by—
 - (1) Owning the personnel information data elements and forms required to support functional and program responsibilities.
 - (2) Analyzing and taking action to influence the accuracy of the data elements and the efficiency of forms in the field.
- d. Personnel information will be recorded and reconciled at two locations, in the field (the Military Personnel Records Jacket, U.S. Army (MPRJ)) and the top-of-the-system (the official military personnel file (OMPF)).
- e. Battlefield standards are as follows:
 - (1) In preparation for deployment, the field file (that is, the MPRJ) will be closed out and disposed of according to this regulation.
 - (2) Units will deploy with electronic copies of the database and copies of the soldiers' DA Forms 2-1 (Personnel Qualification Record—Part II).
 - (3) After deployment, units will provide a copy of the database and the DA Forms 2-1 to the supporting MPD/PSC.
 - (4) Supporting MPD/PSC will integrate new units into the appropriate personnel database and establish a working file (such as, a drop file) for each soldier.
 - (5) Changes in key elements of information will be recorded and reported to the MPD/PSC or as soon as the battlefield situation permits.

Section IV Manpower

1-13. Manpower resources

Manpower resource requirements to perform the MILPER Information Management/Records function are determined according to policies and procedures prescribed by the manpower requirement criteria (MARC) process, AR 570-2, and the Manpower Staffing Standards Systems (MS-3) process, AR 570-5. MILPER Information Management/Records functional managers will support efficient personnel utilization by adhering to organization structure in AR 600-8 and position management policies in AR 570-4. Manpower resources should be used to perform approved functional tasks based only on valid manpower standards.

1-14. Levels of work

Most personnel work in the field is performed at three primary levels: unit, battalion, and installation (or some equivalent in the tactical force). The focus of the guidance in this regulation is on the Installation Military Personnel Division. This regulation will prescribe the work center required to perform the work.

Section V Policies

1-15. Overview

The MILPER Information Management/Records Program is directed by Headquarters, Department of the Army (HQDA) staff level and field operating agencies either as policy, functional, or branch proponents. This regulation provides a single-source operating document to the field, and as such, is binding on all involved in Military Information Management. By using this regulation, management has the capability to compare Army-wide organizations and functions, and to analyze work load and man-hour reporting systems by linking manpower systems (MS-3 and MARC) to the MILPER Information System.

1-16. MILPER information management/records

- a.* Statutory requirements for Military Personnel Information are as follows:
 - (1) Chapters, 29, 31, and 33, title 44, United States Code.
 - (2) AR 25-400-2.
- b.* All personnel information recorded under the authority of this regulation is the property of the U.S. Government. Once recorded, it will not be removed except as provided by law or this regulation.
- c.* Types of authorized military personnel files are as follows:
 - (1) OMPF.
 - (2) MPRJ.
 - (3) Career Management Individual File (CMIF).
 - (4) Classified Personnel Record (AR 380-5).
- d.* When requests for personnel information are received from non-DOD agencies or employees, refer to AR 25-55, AR 340-21, and DA Memo 640-1 OMPF access for policy and compliance.
- e.* HQDA and PERSCOM functional proponents determine what information needs to be recorded, the content of the information, and establish the required automated or manual system to support the recording of the information. Any data elements to be added or deleted or changed in form or content, must be coordinated with the proponent of this regulation before implementation. (Refer to app B for index to information on qualification records.)

1-17. Safeguarding personnel information

- a.* Custodians safeguard all personnel records under their supervision. They must set procedures to control the release of the records and the information within.
- b.* Data in personnel records will be safeguarded as “For Official Use Only” whether it bears special markings or not. DA Memo 640-1, AR 25-55, and AR 340-21 will be complied with when individuals, who do not belong to the Department of Defense (DOD), request information from personnel records.
- c.* Data in personnel records will be released to DOD activities or individuals only as indicated below.
 - (1) Soldiers may view and be given copies of documents kept in their records, unless restricted by security classification.
 - (2) Soldiers may authorize, in writing, an agent to view and receive copies of documents kept in their personnel records. This authorized agent will have access to the records specified by the soldier, unless access is restricted by security classification.
 - (3) Records and personnel information may be released to persons performing routine records maintenance, processing personnel actions, and performing personnel management functions.
 - (4) See paragraph 2-6 for guidance on release of the restricted parts of the OMPF.
 - (5) DA Memo 640-1 contains guidelines for loan and access of the OMPF at HQDA level.
 - (6) Conflicts regarding release that cannot be resolved through the personnel record custodians chain of command or supervision will be referred to Commander, PERSCOM, ATTN: TAPC-PDO-PO, ALEX VA 22332-0474.
- d.* Custodians protect personnel records from loss, destruction, or unauthorized disclosure. Storage locations will be locked when unattended. These locations will be selected so as to prevent access by unauthorized persons.
- e.* Couriers entrusted with records and soldiers transporting their own records will safeguard them. Couriers and soldiers will be informed of their responsibilities for safeguarding records before their departure. Records must be given to the personnel representatives at inprocessing at the new destination.

1-18. Classified personnel records

Do not file classified documents in unclassified personnel records. Make a separate personnel record and put classified documents in a DA Form 201 (Military Personnel Records Jacket, U.S. Army) that has been stamped with the proper classification. Follow AR 380-5 for handling, storing, and transferring this classified material. Place an unclassified DA Form 1613 (Cross Reference) in the soldiers unclassified records.

1-19. Authority for filing documents

- a.* Only those documents, listed in this regulation will accompany or be filed in the OMPF, CMIF, or MPRJ. The addition or deletion of documents in these records will be done only through changes to this regulation. Proposed publications containing filing instructions for documents or information in the OMPF, MPRJ, or CMIF will be coordinated with Commander, PERSCOM, ATTN: TAPC-PDO-PO, ALEX VA 22332-0474, before printing. (Reference AR 25-30, para 4-6c(9)).
- b.* Except for those documents listed as “minimum required” documents, personnel records need not contain a document simply because it is listed in this regulation. If a document listed in one of the tables is prepared, however, it will be filed in the proper personnel record of the soldier concerned. Unless directed in this regulation, only one copy of a document will be filed in a military personnel record.

c. In determining forms or documents authorized for file in a personnel record, refer to appendix C for numbered forms and appendix D for unnumbered documents.

d. No congressional or White House inquiry or reply will be filed in the OMPF, CMIF, or MPRJ. Files will not be coded, annotated, or marked to show existence of a congressional or White House inquiry about the soldier. Letters of commendation or appreciation from a Congressman may only be filed if endorsed to the soldier by an official authorized to sign letters for filing in the OMPF.

Chapter 2

Official Military Personnel File

Section I

OMPF Policy

2-1. When to initiate the OMPF

The OMPF is initiated when the soldier becomes a member of any Army Component. The responsible custodian is determined by the soldier's status during entry.

2-2. Determining the OMPF custodian

a. *Active Army commissioned and warrant officers.*

(1) The OMPF is started and maintained by the Commander, PERSCOM, ATTN: TAPC-MSR, ALEX VA 22332-0400.

(2) OMPF is created upon receipt of an accession packet from one of the following sources:

(a) A Reserve Officers' Training Corps (ROTC) region for ROTC graduates.

(b) Officer candidate school for Officer Candidate School (OCS) graduates.

(c) The U.S. Military Academy (USMA) for USMA graduates.

(d) U.S. Army Reserve Personnel Center (ARPERCEN) for (U.S. Army Reserve (USAR)) officers, USAR Judge Advocate General's Corps (JAGC) warrant officers, and USAR Army Medical Department (AMEDD) warrant officers.

(e) The OMPF is transferred from Commander, Army National Guard (ARNG) Personnel Center (PERCEN) (NGB-ARP-CA) upon accession of an ARNG officer or warrant officer to the Active Army.

(f) Warrant Officer Division, PERSCOM, for newly appointed AD warrant officers.

b. *Active Army enlisted soldiers.*

(1) OMPF is created and maintained by the Commander, U.S. Army Enlisted Records and Evaluation Center (USAEREC), ATTN: PCRE-F, Fort Benjamin Harrison, IN 46249-5301.

(2) The enlisted Active Army OMPF is started on receipt of an enlistment packet from the Military Entrance Processing Station (MEPS) commander.

c. *ARNG soldiers.* Soldiers entering the ARNG will have their OMPF started and maintained by the following:

(1) The Commander, Army National Guard Personnel Center, ATTN: NGB-ARP-CA, 4501 Ford Ave, ALEX VA 22302-1450, for officers and warrant officers.

(2) The soldiers' State adjutant general for enlisted persons. The MPRJ for ARNG enlisted soldiers also serves as the OMPF. An Active Army OMPF is created from applicable documents in the MPRJ, if the soldier is later accessed into the strength of the Active Army. The Active Army custodian in *b* above, will begin the OMPF from the documents in the MPRJ.

d. *USAR soldiers.* The OMPF will be created and maintained by the Commander, ARPERCEN, ATTN: DARP-PRM, 9700 Page Blvd, St. Louis, MO 63132-5200.

2-3. Composition of the OMPF

Only those documents listed in tables 2-1 and 2-2 are authorized for filing in the OMPF. Depending on the purpose, the documents will be filed in one of three sections. For those OMPFs on microfiche, the sections are as follows:

a. *The performance (P) fiche.* The P fiche is used for filing performance, commendatory, and disciplinary data. The P fiche is routinely used by career managers and selection boards. Documents placed on this fiche are limited to those that provide evidence of a soldier's demonstrated performance. These documents are used for evaluation and selection purposes.

(1) This fiche is divided into a performance (P) section and a commendatory and disciplinary (CD) section. Performance data are entered on the P fiche from left to right beginning at the upper left corner. CD data are entered from right to left beginning at the lower right corner. No other division or arrangement of images is authorized. Documents will be placed in the P or CD sections as they are received by the custodian. When more than one document is received at the same time, they will be filed in chronological order.

(2) Documents will not be obliterated or moved from the P fiche unless directed by an authority authorized to

correct or move documents filed on the P fiche. (See para 2-4.) On removal of an evaluation report or any part of a report, a HQDA memorandum for record will be placed in the next unused frame of the fiche. This document is filed to explain breaks in evaluation periods or corrections to evaluation reports.

(3) MPRJ custodians may request a copy of specific documents from a soldier's P fiche if authorized for file in the MPRJ. The OMPF custodian will provide the documents on the "P" fiche (SGT and below) and/or the "S" fiche, as appropriate. (See table 2-3 and fig 2-1.)

(4) The complete P fiche will not be released to commanders except under the provisions of this paragraph. Commanders, MPD/PSC, or other Department of the Army (DA) agencies may request the complete P fiche, or specific documents thereon, to conduct legal proceedings, investigations, qualitative management, or elimination actions. If there are no legal objections and the OMPF custodian determines the request to be justified, the OMPF custodian may authorize the release of the P fiche. If the request is determined to be legally objectionable or not justified, the request will be returned to the requester by the OMPF custodian with an explanation of the disapproval. The custodian's servicing staff judge advocate will provide the legal review.

b. The service (S) fiche. The S fiche is the OMPF section where general information and service data are filed. The fiche is divided into a service computation (SC) section and a general administration (GA) section. Documents will be placed in the SC and GA sections as they are received by the custodian. When more than one document is received at the same time, they will be filed in chronological order. SC data will be entered from left to right beginning at the upper left corner of the fiche. GA data will be entered from right to left beginning at the lower right corner of the fiche. Documents filed on this fiche are those that must be permanently kept to—

- (1) Record a soldier's military service.
- (2) Manage a soldier's career.
- (3) Protect the interests of both the soldier and the Army.

c. The restricted (R) fiche. The R fiche is used for historical data that may normally be improper for viewing by selection boards or career managers. The release of information on this fiche is controlled. It will not be released without written approval from the CG, PERSCOM; Commander, ARPERCEN; Commander, ARNG Personnel Center, or HQDA selection board proponent. See paragraph 2-6 for guidance on the release of R fiche material. Documents on this fiche are those that must be permanently kept to—

- (1) Maintain an unbroken, historical record of a soldier's service, conduct, duty performance, and evaluation periods; and corrections to other parts of the OMPF.
- (2) Record investigation reports.
- (3) Record appellate action.
- (4) Protect the interest of the soldier and the Army.

2-4. Changing the OMPF

a. Once placed in the OMPF, the document becomes a permanent part of that file. The document will not be removed from a fiche or moved to another part of the fiche unless directed by the following:

- (1) The Army Board for Correction of Military Records (ABCMR).
- (2) The Department of the Army Suitability Evaluation Board (DASEB).
- (3) Army appeal boards.
- (4) Chief, Appeals and Corrections Branch, PERSCOM.
- (5) The OMPF custodian when documents have been improperly filed.
- (6) Commander, PERSCOM, ATTN: TAPC-PDO-PO, as an approved policy change to this regulation.
- (7) Chief, Appeals Branch, ARPERCEN.
- (8) Chief, Appeals Branch, National Guard Personnel Center.

b. Documents designated for transfer from the P or S fiche will be put on the R fiche, if authorized.

c. When discovered by the custodian or requested by the soldier concerned, transfer R fiche documents mistakenly filed on the P or S fiche to the R fiche. Unless approved by DCSPER or PERSCOM Promotions Branch, this action does not justify standby or special selection board consideration.

2-5. Access to the OMPF

The P, S, and R fiche will be given to soldiers on their written request. The P and S fiche and all or part of the R fiche will also be given to a person authorized by the soldier in writing. The OMPF will be released to HQDA elements per DA Memo 640-1.

2-6. Release of restricted data filed in the OMPF

a. Restricted data will not be given to any other person or agency, without the approval of the CG, PERSCOM; Commander, ARPERCEN; or DA selection board proponent. (See *c* below.)

b. As an exception, all or part of the R fiche will be released upon written request, without referral to the CG, PERSCOM, the Commander, ARPERCEN or Commander, ARNG Personnel Center, to the following activities:

- (1) The ABCMR.
- (2) The DASEB.
- (3) The Defense Investigative Service (DIS).
- (4) The DCSPER Special Review Board.
- (5) Litigation Division, Office of The Judge Advocate General (TJAG).
- (6) Director of Counterintelligence and Security Countermeasures, Office of the Deputy Chief of Staff for Intelligence (ODC-SINT).
- (7) Investigations Support Division, Office of Personnel Management (OPM).
- (8) Commander, Enlistment Eligibility Activity (EEA), St. Louis, MO 63132-5200 (disciplinary data only).
- (9) The Federal Aviation Administration (FAA) to the extent that the FAA is delegated authority to perform pre-employment screening by OPM.
- (10) The Department of Veterans' Affairs (VA) (Line of Duty Investigations (LOD) only, for persons separated or discharged from the Army).

c. All or part of the R fiche may be given to other requesters who, by the authority of the CG, PERSCOM, the Commander, ARPERCEN, or Commander, ARNG Personnel Center, have a fully justified need for the information. OMPF custodians are delegated the authority to release authenticated copies of the R fiche Article 15 for use in court-martial proceedings when the specific documents requested are identified as existing on the R fiche and the requested documents have not been filed on the R fiche pursuant to action by the ABCMRs. The release will be made only upon receipt of a written request and proper justification. (See DA Memo 640-1.)

(1) *Requests sent to the OMPF custodian.* When an activity or agency sends a written request to the custodian for release of a soldier's OMPF, the custodian—

- (a) Ensures the request conforms with the release of private information (AR 340-21).
- (b) Releases the P and S fiche to the requester, if appropriate.
- (c) If an R fiche exists, except in the case of Article 15 actions, informs the requester that written justification must be sent to PERSCOM, ATTN: TAPC-PDO; ARPERCEN, ATTN: DARP-PRM or ARNG PERCEN, ATTN: NGB-ARP-CA before the R fiche can be released.
- (d) If the requester wants the R fiche, sends a copy of the request and the R fiche to the appropriate release authority.
- (e) If the justification for the R fiche was included in the original request for the OMPF, sends it and the R fiche to PERSCOM, ARPERCEN, or ARNG PERCEN.

(2) When written justification for the R fiche is sent directly to the release authority, a PERSCOM, ARPERCEN, or ARNG PERCEN official will request the R fiche from the OMPF.

(3) On receipt of the justification and the R fiche, the official will examine both to decide if the request is legitimate and if it is proper to release the information. If the release is disapproved, the fiche will be returned to the custodian and the requester notified. If the release is approved, the following actions will be taken:

- (a) The release authority, acting on behalf of the Commander, PERSCOM, Commander, ARPERCEN, or Commander, ARNG PERCEN, approve and sign a release. The approval will be prepared as shown in figure 2-2.
- (b) A copy of the approval will be sent to the custodian for filing on the soldier's R fiche together with the request.
- (c) The approval will be sent to the requester with the R fiche. When possible, the fiche will be hand carried.
- (4) When the requester has finished using the R fiche, it will be returned to the release authority for destruction.

d. Disciplinary information filed on the restricted fiche will be provided to the Command Sergeant Major/sergeant major (CSM/SGM), SGM Academy selection and CSM/SGM retention boards to ensure the best qualified soldiers are selected for these positions of highest trust.

(1) For purposes of this provision, disciplinary information includes court-martial orders, DA Forms 2627 (Record of Proceedings Under Article 15, UCMJ), and punitive or administrative letters of reprimand, admonition, or censure.

(2) The following disciplinary information will not be provided to these boards:

(a) Any court-martial order where all findings were not guilty; or all charges or specifications were dismissed; or all findings of guilty were reversed in a supplemental order; or the order was transferred to the R fiche by the ABCMR "to correct an error or to remove an injustice."

(b) Any article 15 and admonition or reprimand filed with it "set aside" pursuant to AR 27-10 as evidenced by a DA Form 2627-2 (Record of Supplementary Action Under Article 15, UCMJ).

(c) Any Article 15, letter of reprimand, admonition, or censure filed on the R fiche as a result of corrective action required by section 1034, title 10, United States Code (10 USC 1034) ("Whistleblower Act") or transferred from the P fiche to the R fiche by the ABCMR "to correct an error or remove an injustice."

e. Although not a routine procedure, except as outlined in d above, the R fiche may be released to DA selection boards. The board president will request permission from ODCSPER to review specific restricted information when he or she believes the information is crucial to the selection process (such as, it is required to protect the interest of the Army or an individual under consideration). The board president will make this request in writing (unless waived by the Director of Military Personnel Management (DMPM), ODCSPER, or designated representative) through the

supporting DA Secretariat. Approval authority on the above request rests with the DMPM, ODCSPER, or designated representative.

(1) If the request is approved, the DMPM or designated representative will send an authorization specifying the information necessary for release (fig 2-2) to the OMPF custodian, who will enter the authorization on the R fiche.

(2) The original copy of the authorization will be sent to the supporting DA Secretariat with that part of the R fiche approved for release.

(3) When the selection board has finished using that part of the R fiche approved for release, it will be returned to the appropriate OMPF custodian for destruction.

(4) For ARNG officers not on AD, the board president will request permission from the Commander, ARNG PERCEN. If the request is approved, the Commander, ARNG PERCEN, sends an authorization specifying the information necessary for release (fig 2-2) to the Military Personnel Records Branch, who will enter the authorization on the R fiche. The military personnel records branch will then forward the applicable information per (2) above.

2-7. Continued use of the OMPF

a. Once started, the OMPF will be continued in use. It will be continued even if the soldier—

(1) Changes grade.

(2) Changes Army Components.

(3) Enlists or reenlists within 24 hours after discharge.

(4) Changes status within an Army Component (such as, Active Army enlisted to Active Army warrant officer, Active Army commissioned officer to Active Army enlisted, and so forth). In these cases, the OMPF custodian sends the OMPF to the new custodian.

(a) When enlisted soldiers are appointed as commissioned or warrant officers, their enlisted OMPF will be collocated with their new officer OMPF. The enlisted OMPF, however, will not be released to officer selection boards. Awards and decorations will be transferred to the newly created officer P fiche. For those enlisted soldiers who were appointed or commissioned prior to February 1981, records of courts-martial conviction will be filed on their respective officer R fiche.

(b) When officers change status to enlisted, their officer OMPF will be collocated with their new enlisted OMPF (except in the case of former ARNG officers). The P fiche of the soldier's officer OMPF may be released to enlisted selection boards. When State adjutants general require a copy of the P fiche for an enlisted selection board, the Military Personnel Management Officer forwards a request to the Commander, ARPERCEN, ATTN: DARP-PRM, 9700 Page Boulevard, St. Louis, MO 63132-5200.

(c) If an OMPF that has not been converted to microfiche is transferred on a soldier upon his or her change in status within an Army component, the new custodian films authorized documents on the new OMPF as outlined in table 2-1. As an exception, enlisted performance, commendatory, and disciplinary data, except for awards and decorations, will be filmed on a "special" R fiche for enlisted soldiers changing to officer status. For officers changing status to enlisted, officer performance, commendatory, and disciplinary data will be filmed on a separate P fiche of the enlisted OMPF. This fiche will be marked to show officer data and may be released to selection boards.

b. When a soldier reenters the Army after a break in service, the old OMPF will be sent from ARPERCEN or the National Personnel Records Center (NPRC) to the appropriate OMPF custodian. The custodian may transfer all documents to a new OMPF or may continue to use the old OMPF, as appropriate. Tables 2-1 and 2-2 will be used for filing guidance.

c. OMPF's will be transferred between custodians when a member changes Army components.

d. DD Form 127 (Case Routing Slip) will be used by OMPF custodians to enroute actions and correspondence to the correct OMPF custodian.

2-8. Soldier's request for a personal copy of their OMPF

a. Soldiers may forward a written request for a copy of their OMPF directly to the OMPF custodian. (Table 2-3 gives the address of OMPF custodians.) Requests must include the soldier's name, grade, social security number (SSN), mailing address, and signature.

b. AD enlisted soldiers may also obtain a copy of their OMPF by telephonic request through the Interactive Voice Response System (IVRS), DSN 699-3714, commercial (317) 542-3714. The request must be made from a push button phone. OMPF mailed out based upon telephonic request will be mailed only to the soldier's military address.

2-9. Forwarding performance fiche on USAR soldiers

a. The OMPFs on USAR soldiers, not on AD in the Active Army and counted against the end strength of the Active Army, will be maintained at ARPERCEN. ARPERCEN is authorized to release the P fiche on Individual Ready Reserve (IRR) and troop program unit (TPU) soldiers to the numbered armies in the continental United States (CONUSA) on request under the following circumstances:

(1) For use by Unit Vacancy Promotion Boards.

(2) In conducting LTC and COL Command Selection Boards.

b. Any exception to the above policy must be addressed on an individual basis to Commander, ARPERCEN, ATTN: DARP-ZPO, 9700 Page Boulevard, St. Louis, MO 63132-5200.

c. In cases where the P fiche has been released to CONUSA, the measures indicated in (1) through (3) below will be taken to safeguard the confidentiality and security of the data. ARPERCEN will release the P fiche only to the requesting CONUSA and not to any subordinate command of the CONUSA.

(1) The data will be for board use only.

(2) Only the data on the P fiche germane to the board proceedings as identified in the criteria for selection will be examined. Under no circumstances will other documents shown on the P fiche be used in making decisions on selection.

(3) In view of the sensitive nature of these records, CONUSA commanders ensure that individual P fiches are destroyed after each board.

Section II

Task: Receive and Forward Documents to the OMPF/CMIF

2-10. Rules for receiving and forwarding documents to the OMPF/CMIF

a. All documents for filing in the OMPF must be sent through the MPD/PSC or State adjutants general office if applicable, except the following documents may be sent directly to the OMPF custodian:

(1) Accession or enlistment packets (U.S. Military Enlistment Processing Command (MEPCOM) or Retention Work Centers).

(2) Documents personally given to an OMPF official.

(3) Documents originating at DA level.

b. Ensure the soldiers' name and SSN appear on the first page of each document sent. SSN and name will be underlined on first page. If not, write (blocked letters with black ink) or type on first page of each document. Copies must be clear and legible copies, suitable for microfilming. When documents contain multiple names on the same document (such as award orders, award of parachute badge, and so forth) the issuing headquarters must furnish the OMPF custodian one copy per name (SSN and name must be underlined.)

2-11. Steps for receiving and forwarding documents to the OMPF/CMIF

Chapter 3 The CMIF

Section I The Active Army CMIF

3-1. When to initiate the CMIF

HQDA career managers initiate the CMIF when an Active Army soldier is awarded a HQDA managed military occupational specialty (MOS) or specialty. The file is used in day-to-day management functions that affect a soldier's Army career. These functions include—

- a. Assignments.
- b. Counseling.
- c. Monitoring professional development.

3-2. Control of the CMIF

a. The career management division chief will set procedures to control the release of the CMIF between activities responsible for career management. The division chief will be the only person who can release the CMIF outside the career management division. Further disclosure governed by paragraph 1-17.

b. The CMIF will not be given to HQDA selection boards unless the OMPF is unavailable from the custodian or the data in the OMPF are unsuitable for evaluation.

c. On a soldier's separation from AD, the CMIF will be destroyed, unless the soldier was an ARNG member on AD. Send the ARNG CMIF to the proper State adjutant general.

3-3. Filing documents in the CMIF

a. Only those documents listed in table 3-1 are authorized for filing in the Active Army CMIF. Depending on their purposes, these documents may be placed in separate sections within the file. The type of sections will be determined by the following:

- (1) Director, Enlisted Personnel Management Directorate, PERSCOM, for PERSCOM managed enlisted soldiers.
- (2) Director, Officer Personnel Management Directorate, PERSCOM, for PERSCOM managed officers.
- (3) The Surgeon General for AMEDD officers.
- (4) The Judge Advocate General for JAG officers.
- (5) The Chief of Chaplains for Army Chaplains.

b. The core of the CMIF is the soldier's OMPF P and S fiche. The R fiche will not be filed in the CMIF at any time. Duplicate documents with the exception of evaluation reports will not be filed in the CMIF if they appear on the OMPF. Once a document is placed on the OMPF, remove and destroy the duplicate paper in the CMIF. All other paper documents will be destroyed when no longer needed.

c. The officer OMPF custodian furnishes a copy of the OMPF to career managers as shown below.

- (1) The P fiche is furnished—
 - (a)* Once a year.
 - (b)* When derogatory information is added to or deleted from the OMPF.
 - (c)* When an officer evaluation report (OER) is placed on the P fiche.
 - (d)* On specific request.
- (2) The S fiche is furnished on an as-required basis.

d. The enlisted OMPF custodian will furnish a copy of the OMPF as stated in existing memorandum of agreement between the Director, Enlisted Personnel Management Directorate, PERSCOM, and Commander, USAEREC.

Section II

The USAR CMIF

3-4. Initiation and purpose of the USAR CMIF

a. Personnel managers will maintain a CMIF for all USAR managed soldiers.

b. The file is to be used to help the personnel manager maintain and increase the mobilization readiness of USAR soldiers.

3-5. Control of the USAR CMIF

Data within the CMIF will not be released to persons or agencies outside the career management divisions unless authorized by the chiefs. Further disclosure is governed by paragraph 1-17.

3-6. Contents of the USAR CMIF

a. Only those documents listed in table 3-2 are authorized for filing in the USAR CMIF.

b. The following offices will establish an operating procedure (OP) or standard operating procedure (SOP) for specific information or composition, maintenance, and arrangement of CMIFs:

- (1) Director, Enlisted Personnel Management Directorate, ARPERCEN, for managed enlisted soldiers.
- (2) Director, Officer Personnel Management Directorate, ARPERCEN, for managed officers.
- (3) Director, Full-time Support Management Directorate, ARPERCEN, for AGR personnel.

c. The core of the CMIF is the Individual Record Brief and personnel manager record of conversations. When available, the OMPF P and S fiche will be filed in the CMIF. The R fiche will not be filed in the CMIF at any time. Duplicate documents will not be filed in the CMIF if they appear on the P or S fiche. Once a document is on microfiche, destroy the duplicate paper in the CMIF. All other documents will be destroyed when no longer needed.

d. The OMPF records custodian furnishes a copy of the OMPF to personnel managers as shown below:

- (1) The P fiche is furnished—
 - (a)* When new gains are accessed.
 - (b)* Once a year.
 - (c)* When derogatory information is added to or deleted from the OMPF.
 - (d)* On specific request.
- (2) The S fiche is furnished—
 - (a)* When new gains are accessed.
 - (b)* On specific request.

3-7. Maintaining the USAR CMIF

a. Files for personnel no longer managed will be kept according to AR 25-400-2, after a terminal check shows the soldier's new status has been correctly entered into the ARPERCEN database.

b. Files will be kept on personnel no longer managed if there is a pending personnel action (such as, a commissioned officer who is discharged for two promotion passovers and applies for warrant officer appointment, individual retires but has point problems that to be resolved).

Chapter 4

Officer MILPER Information Management/Records—Personnel Qualification Record (PQR)

Section I

Basic Officer PQR for the Army Components

4–1. PQR for Active Army officers

This chapter provides rules and tasks for the management of officer personnel information. The primary documents for management of Active Army officer information are the Officer Record Brief (ORB) and the DA Form 2B (Personnel Qualification Record–Part I, Warrant Officer Peacetime).

4–2. PQR for USAR and ARNG officers

Basic Officer PQR for the Army RC.

a. DA Form 2–1 (Personnel Qualification Record–Part II) is applicable to USAR and ARNG officers not in the Active Army strength.

b. For Reserve TPU officers/warrant officers, DA Forms 2B (USAR) commissioned officers and DA Forms 2C (Personnel qualification Record–Part I, Commissioned Officer Peacetime) warrant officers will be produced by the ARPERCEN, ARPERCEN will use Standard Installation/Division Personnel System (SIDPERS)—USAR data to produce the form.

c. For AGR status officers, the supporting Active Component (AC) MPD/PSC may produce the DA Form 2 (Personnel Qualification Record, Part I) using SIDPERS data. These officers must be carried on SIDPERS in the test model file or in an attached status.

d. For ARNG officers/warrant officers, the automated PQR will be produced by their State SIDPERS Interface Branch (SIB). SIDPERS–ARNG data will be used to produce the form. The PQR to include DA Form 2–1 will be reviewed for ARNG personnel per this regulation or as directed by the State adjutant general.

Section II

ORB

4-3. Policy for the ORB

a. ORB are formatted data used primarily by personnel managers at HQDA/PERSCOM. They are forwarded to all selection boards along with the OMPF. The automated ORB applies only to Active Army commissioned and warrant officer personnel. ORB update procedures are in table 4-1.

b. The ORB is automatically produced from information contained in the officer master file (OMF) maintained by PERSCOM. The OMF is an automated file containing qualification record data on each officer on AD. The OMF is updated from—

- (1) Transactions coded from data given to PERSCOM for accessions to AD.
- (2) Transactions received from worldwide data processing activities.
- (3) Transactions recorded on documents such as HQDA orders and DA Form 330 (Language Proficiency Questionnaire).

c. Copies of the ORB will be prepared and distributed—

- (1) When specifically authorized by this regulation or other HQDA directives.
- (2) Automatically to the gaining commands or organizations when the request for orders is issued under the Officer Distribution Assignment System (ODAS). This copy will assist the gaining commanders to program assignments and use replacements.
- (3) To replace missing or lost ORBS.
- (4) Upon request from officers who are having trouble in correcting a significant or excessive number of errors on their ORB. These officers should contact their servicing MPD/PSC. The MPD/PSC will submit a memorandum requesting the ORB changes be made. The memorandum, accompanied by documentation to support requested changes, will be sent to Commander, PERSCOM, ATTN: TAPC-OPZ-IS, ALEX VA 22332-0410. The memorandum must contain the officer's name (last, first, MI), SSN, branch, and date of birth. Requests should not be submitted unless corrections via SIDPERS transactions have been unsuccessful or are not permitted. Requests from MPD/PSC for re placement or missing birth month ORB should be addressed to HQDA (ASQNI-DOI), ALEX VA 22332-0400.
- (5) Triannually, keyed to the individual officer's birth month. (See table 4-2.) The ORB intended for audit during the birth month will be annotated in the top margin with "/AUDIT." The ORB following, at 4 months respectively, will be annotated with "FEEDBACK" in the top margin. The audit ORB is generated in the month before the audit month. (For example, ORB for officers whose birth month is March are generated in February.) The audit ORB will be reviewed and corrections submitted as early as possible during the audit month. The two feedback ORBS are not intended for audit, but rather to help verify that audit changes have been posted to the ORB. A copy of the feedback ORB is provided to the officer. (See table 4-2.)

4-4. Disposition of the ORB

Disposition of the ORB. The ORB will be destroyed by—

- a.* General Officers Management Office (DAGOM), Colonels Division, PERSCOM (TAPC-OPC), and career branches when an officer is separated.
- b.* Commanders receiving them per paragraph 4-3c(2), (3), after ORBs have served their purpose.

Section III

Task: Update ORB/PQR

4-5. Rules for updating ORB/PQR

a. ORB and DA Form 2B are used as PQR for officers in peacetime (DA Form 2B (Personnel Qualification Record, Part I) is the only PQR for officers authorized for wartime).

b. File documents in the MPRJ per table 6-1.

c. If SIDPERS transactions are required, process per table 4-1 and DA Pam 600-8-2. (See AR 680-29 for transaction codes.)

d. DA Forms 2B will be produced for information and data accuracy purposes at inprocessing and during the officer's birth month audit of the ORB.

4-6. Steps for updating ORB/PQR

The steps for updating ORB/PQR are shown in table 4-3.

Table 4-3
Updating ORB/PQR

Step	Work Center	Required action
1	UNIT	Provide documents to BNS1.
2	BNS1	Provide documents to officer records (OFRC).
3	OFRC	Receive documents, obtain PQR/ORB, and MPRJ.
4	OFRC	Verify documents for SSN and name.
5	OFRC	Post PQR/ORB and submit SIDPERS entry, if required. (See tables 4-1 and 5-4.)
6	OFRC	Check tables 2-1 and 6-1 for disposition of documents. File and forward PQR, ORB, and MPRJ, as required.

Section IV

Task: Conduct Annual Audit of the ORB

4-7. Rules for conducting annual audit of the ORB

- a. PERSCOM will forward the ORB to MPD/PSCs during the month preceding the officer's birth month.
- b. A list of officers, sequenced by unit identification code (UIC), will accompany each shipment.
- c. ORBS are not produced on officers in transit. Update and feedback ORBS are deferred until the officer has arrived at the new unit.
- d. Copies of the ORB will be destroyed if officer is not serviced by the MPD/PSC or has been reassigned and the new organization is not known.
- e. For birth month ORBs not received, OFRC will request ORB not earlier than 30 days after receipt of shipment from Commander, PERSINSCOM, ATTN: ASQNI-DOI, ALEX VA 22332-0400. Officer's name, grade, SSN, control branch, and date of birth (DOB) will be included in the request.
- f. If the officer is scheduled for transition from AD within 90 days, the ORB will be suspended until transition. Update ORB if officer does not transition.
- g. The officer and the military personnel officer or auditor will sign and date the original ORB in the "Remarks" section. Signature will attest to the completeness and accuracy of data on the ORB.
- h. If attempts to have the officer personally review and sign the ORB have failed, the military personnel officer will annotate the ORB, "Attempts have failed in having (rank, name) personally review his or her ORB" and sign statement.
- i. Use the ORB correction procedures table 4-1.
- j. Review first feedback and compare with P85s (Report of Change Notice) to ensure transactions submitted posted to the ORB. Upon receipt of the second feedback and the change still has not processed, report the situation to the supervisor.

4-8. Steps for conducting annual audit of the ORB

The steps for conducting annual audit of the ORB are as shown in table 4-4.

Table 4-4
Conducting annual audit of the ORB

Step	Work center	Required action
1	OFRC	Schedule/review roster and notify BNS1 of ORB update.
2	BNS1	Notify UNIT of date, time, and location of ORB update.
3	UNIT	Send officer to OFRC to update ORB. Coordinate with BNS1.
4	OFRC	Obtain records, review ORB with officer. Ensure that the officer reviews each item on the ORB. Make changes or corrections in pen or pencil, as necessary.
5	OFRC	Obtain substantating documents to support changes and corrections. Forward documents to OMPF, as required.
6	OFRC	Obtain officer's signature and date on updated ORB.
7	OFRC	Destroy previous ORB.
8	OFRC	Submit required SIDPERS changes to correct elements on ORB (upon receipt of P85's from PAUT, file with ORB).
9	OFRC	Forward correction memo (see fig 4-1) to HQDA. (See note below.) Refile and forward MPRJ, as required.

Enlisted MILPER Information Management/Records—PQR

Section I

Enlisted PQRs

5–1. Preparation of the enlisted PQR

a. DA Form 2–1 and DA Form 2A (Personnel Qualification Record—Part I, Enlisted Peacetime) constitute the Enlisted PQR. DA Form 2–1 is a continuous feed type form that will permit limited automation. The DA Form 2A is the automated portion of the PQR. Combined, these forms provide a formal and permanent record of personnel management qualifications. There is some duplication of data between the two forms, however, this is essential to maintain information that will affect the soldier's service as well as his or her later life as a civilian.

b. PERSCOM enlisted career management branch and office symbols are in table 5–1. Specific guidance on update

of each item or data element of the PQR is in tables 5-2 and 5-3 and figures 5-1, 5-2, 5-3, 5-4, and 5-5. The MPRJ is discussed in chapter 6.

5-2. Basic enlisted PQR for the Army Components

a. DA Form 2A and DA Form 2-1 are the basic PQR for enlisted personnel. The PQRs for the Army Components are as follows:

(1) For Active Army personnel, the DA Form 2B is designed for computer applications and is programmed for use as the WARTIME PQR. The SIDPERS database is used as the source of information.

(2) For Reserve TPU personnel, the DA Form 2A (USAR), will be produced by the ARPERCEN. ARPERCEN will use SIDPERS-USAR data to produce the form.

(3) For AGR status personnel, the supporting Active Component (AC) MPD/PSC may produce the DA Form 2 using SIDPERS data. These personnel must be carried on SIDPERS in the Test Model File or in an attached status.

(4) For Army National Guard personnel, DA Form 2A (ARNG Enlisted) are electronically generated printouts. Directives for the production of these forms are provided in the SIDPERS-ARNG Users Manual, ADSM 18-P19-HSD-BUR-UM, for product control number (PCN) GPFR-1790. The PQR to include DA Form 2-1 will be reviewed for ARNG personnel per this regulation or as directed by the State adjutant general.

b. All MPD/PSC/TPUs will maintain DA Form 2-1.

c. The PQR, will be prepared, maintained, and disposed of for the Active Army, USAR, and ARNG enlisted personnel per this regulation.

5-3. Forwarding copies of DA Form 2-1 to PERSCOM

a. *Career branch copies of DA Form 2-1.* These copies apply to enlisted personnel on AD other than AT, ADT, ADSW, or AGR. A duplicate DA Form 2-1 will be prepared and submitted to the enlisted career branch shown in table 5-1 for designated MOS and grade—

(1) Within 5 days of identifying enlisted personnel whose careers are managed by this headquarters.

(2) Within 5 days of identifying enlisted personnel whose DA Form 2-1 is replaced.

(3) When the form is remade.

(4) Upon completion of audit. A legible copy of DA Form 2-1 will be provided to respective career branches for all soldiers SSG through CSM/SGM and those PVT through SGT who are centrally managed by PERSCOM. (See table 5-1.) A copy of DA Form 2A will also be forwarded for CSMs, SGMs, and enlisted aids only.

b. *Identification.* Copies prepared under these provisions will be annotated "DUPLICATE FOR PERSCOM" in the upper top left corner on page 1 of the DA Form 2-1.

c. *Photostats or reproductions.* Clearly legible photostat or similar machine reproductions are authorized and will be accepted as duplicates.

Task: Initiate the DA Form 2-1

5-4. Rules for initiating the DA Form 2-1

a. *Initial preparation of form.* Reception Battalions will use automatic data processing (ADP) for initial preparation of DA Form 2-1. Data with no ADP capability will be recorded manually (table 5-2).

b. *Posting entries.* Additional instructions for posting entries to the DA Form 2-1 are in paragraph 5-6.

c. *Item numbers.* DA Form 2-1 item numbers are identified as follows:

(1) Those set in a box are entries that apply to Reserve officer personnel not on AD.

(2) Those set in a circle are entries that apply to the all enlisted personnel.

(3) Those not set in a box or a circle apply to Reserve officers not on AD and all enlisted personnel.

b. *Dates.* When recording dates on the DA Form 2-1 the year, month and day, enter the date in six digits. (No spaces between the digits). A year, month, and day entry for 1 June 1991 would be 910601. If only recording month and year, enter 9106, and year only would be shown as 91.

e. *Abbreviations and codes.* Abbreviations and codes used in entries will be per AR 310-50, AR 611-101, AR 611-112, AR 611-201, AR 680-29, AR 18-12-4, DA Pam 600-8-1, and DA Pam 600-8-2. However, a specific abbreviation or code may be required by this regulation.

f. *Corrections, changes, and deletions.*

(1) Only pencil entries may be erased. If a permanent entry must be deleted or corrected, draw a single black line through the entry. The entry will not be removed. As an exception, DA Form 2 series, which are computer printouts, may be updated by drawing a pencil line through the incorrect data.

(2) Typing errors may be corrected by using porous correction paper. Adhesive corrective tape or ink eradicator will not be used.

g. *Instructions for recording entries.* See table 5-2 for detailed instructions for recording entries. See appendix B for

an index to information to be recorded on Personnel Qualification Records. Sample entries are shown in figures 5-1, 5-2, 5-3, 5-4, and 5-5. (Typed entries in the illustrations are permanent entries and handprinted entries represent pencil entries.)

h. Method of recording entries. Typewritten entries are desired except when pencil entries are required, if a typewriter is not available, entries will be handprinted in block letters, using black ink ballpoint pen. When pencil entries are prescribed, handprinted block letters will be used. Rubber stamp entries in black or blue-black ink are authorized instead of typewritten entries however, the stamped entry may not exceed the space allocated on the form.

i. Continuation of entries. Continuation entries will be made in item 28 of DA Form 2-1. An entry is continued when all space in a particular item, with the exception of item 35, on the form has been used. A cross-reference notation will be made by placing an "X" mark in the continuation portion of the title. For item 35, the records clerk may use section VII from a blank DA Form 2-1. The records clerk should cut out section VII from the blank form for recording continuation entries on it and enter the name and SSN in the upper left margin. Section VII should then be placed inside the soldier's DA Form 2-1. The continuation page of section VII, item 35, may be taped to the inside fold of the original DA Form 2-1 to prevent loss. Only transparent tape may be used. The custodian or military personnel officer will decide when a new DA Form 2-1 may be prepared. A form is replaced because of excessive wear or other damage that prevents further use.

The entry will be made under item 27 showing date of arrest by civil authorities, the fact that the soldier was in AWOL status at time of arrest, the nature and date of commission of the offense for which arrested whether tried and convicted, and if convicted, the sentence adjudged. When a soldier is placed in confinement or is awaiting trial or disposition of case, the date confined will be entered <i>in pencil</i>. When the result of the trial is known and the soldier is convicted and sentence is ordered executed, the <i>pencil entry will be erased</i>. The entry will be printed in ink or typed, showing the date on which confinement began. When a permanent entry has been made because of conviction, and all findings and sentence are subsequently set aside with all rights and privileges restored, the entry will be lined through. Caution will be exercised to insure that deletions are not made until appellate reviews are completed. (2) Absent in custody of civil authorities. When a soldier not in AWOL status is confined by civil authorities and convicted, the date of such confinement will be entered, followed by a notation "See item 27." An entry will be made in item 27 showing date of arrest by civil authorities, the nature and date of commission of offense for which convicted, and sentence adjudged. If not convicted, no entry will be made in either this item or item 27 for time lost. When a soldier is absent from his or her organization, station, or duty for more than 24 hours without proper authority, as determined by competent authority, and is later released from civil authorities because of reparation made, the soldier will be required to make good the time lost. An entry will be made based on the unauthorized absence determination. f. Line of duty—No. Unable to perform duty as a result of own misconduct. Enter time lost when a soldier is unable for more than 24 hours, as determined by competent authority, to perform his or her duties because of intemperate use of drugs or alcoholic beverages, or because of disease or injury resulting from own misconduct. (See AR 600-8-1.) When line of duty determination is changed from "NO" to "YES", entry in this item because of such absence will be lined through. g. Time lost subsequent to normal ETS. Enter date of the 1st day of absence and date of the day preceding day of return to duty, number of days absent, and reason for the absence. The entry under "REASON" will contain "after ETS" to distinguish this entry from time lost under 10 USC 972. <ul style="list-style-type: none"> (1) Entries for item 8 are typical for soldier who enlisted 5 July 1977. AWOL 27 June 1979. Returned to military control 9 July 1979. Placed in confinement same date. Released from confinement 8 August 1979. Term of service, normal period of service, and the last day of absence to be made good. (2) Entries for item 9 are typical for a soldier who enlisted 5 July 1976. Admitted to hospital 28 June 1979, disease is the result of own misconduct. Chapter 6

MPRJ

Section I

Introduction

6–1. When to initiate the MPRJ

- a.* This chapter provides information on processing tasks that apply to the MPRJ.
- b.* The MPRJ is initiated when a member joins an Army Component and serves as the paper backup of automated personnel management systems. It is used—
 - (1) To provide information to the local commander and to facilitate processing of local personnel actions.
 - (2) As a source document for the update of the OMPF/CMIF, and will not normally go forward with deploying forces.

6-2. Policies

- a. To create the MPRJ, one of the following commanders will initiate the MPRJ:
 - (1) The commander of the U.S. Army Reception Battalion for Regular Army enlisted members entering AD.
 - (2) The U.S. Military Academy for USMA graduates.
 - (3) The ROTC region for ROTC graduates.
 - (4) The commander of the soldier's first duty assignment or school for officers entering AD or prior service enlisted soldiers reporting directly to a unit.
 - (5) The MEPS commander for members enlisting in the USAR delayed entry programs (DEP).
 - (6) The unit commander for ARNG or USAR members assigned to an ARNG or USAR unit. If supported by a Military Personnel Division or Personnel Service Company (MPD/PSC), the MPD/PSC will initiate the MPRJ.
 - (7) When soldiers become attached (for other than TDY) to a unit not serviced by the MPD/PSC/PSST maintaining their MPRJ, a temporary MPRJ will be prepared. The personnel officer serving the unit of attachment will prepare the temporary MPRJ.
- b. The documents that are part of the MPRJ will be enclosed in a DA Form 201 (Military Personnel Records Jacket, U.S. Army). The soldiers last name, first name, full middle name (if any), and social security number will be legibly printed or typed on one line starting at the left side of the jacket tab. Leave enough space above the name line to make corrections. Do not redo existing DA Forms 201 just to meet this one-line requirement. Only Reception Battalion adhesive labels are authorized to be used and remain on the MPRJ. When a name change has been approved, do not obliterate the old name. Draw a single line through the old name and print the new name above. ARNG Personnel Service Companies may use non-abrasive lettering.
- c. Except as stated below, do not permanently mark or stamp the DA Form 201.
 - (1) DA Form 201 for members assigned to a nuclear or chemical surety position, will have a DA Label 164 (Nuclear/Chemical Personnel Record Label) attached to the right half of the jacket tab. This label will be removed when the member is out of or disqualified from the surety program.
 - (2) All classified records will be marked with the proper security classification.
- d. Only the authorized documents listed in tables 2-2, 6-1, 6-2, 6-3, 6-4, 6-5, and 6-6 are filed in or with the MPRJ. File the documents in one of the MPRJ sections shown in paragraph *f* below.
- e. *Required minimum documentation for assigned personnel is listed in table 6-6.* When one of these documents is missing, obtain the original or a duplicate copy. If neither can be found, remake the document using all available information including finance records and the OMPF. Address requests for duplicate copies of the minimum documents to one of the custodians listed in table 2-3. When one of these documents is remade, place a note on the document to indicate it was remade for minimum documentation purposes.
- f. The MPRJ consists of the following sections:
 - (1) *Permanent Section.* This section is located on the left side of the open MPRJ. Documents filed in this section will be kept throughout the members Army career, unless earlier removal is authorized. Do not remove required minimum documents unless one of the tables authorizes their removal.
 - (2) *Action Pending Section.* This is the topmost section located on the left side of the open MPRJ. It is separated from the permanent documents by a DA Form 201A (Field Personnel File Divider). Documents filed in this section are kept until a specific action is finished. After the action is finished, remove these documents or, if authorized, file them in another section of the MPRJ. Exceptions to this policy include, ISR, and the latest MPD/PSC or current assignment order.
 - (3) *Reserve Component Section.* Documents used by the USAR or ARNG units are kept in this section only when the MPRJ is maintained by an Active Army custodian. (See tables 6-4 and 6-5.) When used, this is the bottommost section on the left side of the open MPRJ and is separated from the permanent section by a DA Form 201A. When the MPRJ is returned to the USAR or ARNG custodian, documents authorized under tables 6-1, 6-3, and 6-5 will be filed. The DA Form 201A separating this section from the permanent section may be removed at this time.
 - (4) *Temporary Section.* This section is located on the right side of the open MPRJ. Documents not listed in this regulation may be filled in this section only when they are needed during the member's current assignment. The decision to file a paper in this section will be made by the custodian of the MPRJ according to local policy. Remove any document when it no longer serves a purpose. When the MPRJ is transferred to another custodian, temporary documents will be kept in this section until received by the gaining MPD/PSC. The new custodian removes all documents in this section, except for those still needed, and gives them back to the member.

6-3. Disposition of documents when ARNG or USAR members are relieved from AD, extended AD (EAD), AD for training (ADT), Active Guard Reserve (AGR), initial AD for training (IADT), or AD for special work (ADSW)

On a soldier's release from AD, keep all documents in the DA Form 201 and transfer it as outlined in table 6-7. The USAR will remove unneeded documents from the temporary section and keep those authorized for file under tables

6-1 and 6-4. The ARNG custodian removes unneeded documents and keeps those authorized for file under tables 6-1 and 6-5.

6-4. Removal of documents

a. Unless stated otherwise in this AR, documents authorized for removal from the MPRJ will be given to the soldier concerned. Soldiers will be encouraged to keep copies of documents for possible later use. Those paper documents removed from the MPRJ will be offered to the soldier before being destroyed.

b. Documents authorized for filing in the OMPF under previous versions of this regulation will remain on the OMPF unless removal is authorized by paragraph 2-4. The image of those documents approved for removal from microfiche records will be made illegible.

c. Documents authorized for file in the MPRJ under previous versions of this regulation that do not appear in the current tables 2-2, 6-1, 6-4, and 6-5, will be removed from the MPRJ. Documents which are deleted from tables 6-1, 6-4, or 6-5 will be removed during in/out processing and during annual records review unless a mandatory date is specified in DA (including NGB) implementing instructions.

d. New filing instructions for documents not authorized for filing in the OMPF, CMIF, or MPRJ by previous editions of this regulation become valid on effective date of the new regulation or effective date of any later change. Unless stated in a policy change, no attempt will be made to obtain documents dated before the effective date of the AR or any later change.

e. Obsolete or no longer used documents are determined by referring to the following:

(1) Table 2-2 is a list of documents approved for filing that have become obsolete through discontinued use, retitling, or renumbering. Documents listed in tables 6-1, 6-4, and 6-5 that become obsolete in the future will be removed from the MPRJ unless documents are authorized for continued file by table 2-2.

(2) Because of the permanent nature of the OMPF, documents listed in table 2-1 that become obsolete or that are no longer used will remain in the OMPF unless removal is authorized by paragraph 2-4. Documents that become obsolete or no longer used will be added to table 2-2.

6-5. Records transfer and accountability of MPRJ

For information on addresses of records-holding agencies, see table 6-18. Records must be transferred and accounted for when—

a. A soldier changes components or status.

b. Records are being used within work centers in the MPD/PSC or supported units.

c. A soldier is reassigned to a unit serviced by another MPD/PSC/PSST.

6-6. Missing MPRJs of USAR soldiers assigned to troop program units

a. The MPRJ will normally be received within 60 days after the effective date of the order or receipt of orders, whichever is later. If it is not received within 60 days, the gaining custodian will request the record from the losing custodian. The losing custodian replies within 10 days, giving information about shipment of the record or circumstances that preclude shipment. If reassignment was from a USAR control group to a unit, send transfer through channels to the Commander, ARPERCEN, ATTN: DARP-PRD-T, 9700 Page Boulevard, St. Louis, MO 63132-5200. Include the assignment order reference.

b. On receipt of information that the MPRJ has been lost or destroyed, the gaining custodian requests a reconstructed record. Send the request to Commander, ARPERCEN, at the address indicated in *a* above. Explain the circumstances surrounding the loss or destruction.

Section II

Task: Create the MPRJ

6-7. Rules for creating the MPRJ

a. When a soldier joins an Army Component, one of the following commanders will initiate the MPRJ:

(1) The commander of the U.S. Army Reception Battalion for Regular Army enlisted soldiers entering AD.

(2) The commander of the soldier's first duty assignment or school for officers entering AD or prior service enlisted soldiers reporting directly to a unit.

(3) The MEPS commander for soldiers enlisting in the USAR DEP.

(4) The unit commander for ARNG or USAR soldiers assigned to an ARNG or USAR unit. If supported by a MPD/PSC, the MPD/PSC will initiate the MPRJ.

b. Do not perforate or fasten DA Form 2A, DA Form 2B, DA Form 201A and the temporary section of the MPRJ.

c. Do not use adhesive labels (except for reception battalion labels) to enter names on the MPRJ.

6-8. Steps for creating the MPRJ

The steps for creating the MPRJ are as shown in table 6-19.

Table 6–19
Creating the MPRJ

Step	Work center	Required action
1	ENRC/OFRC	Upon receipt of packet, legibly print or type the member's last name, first name, full middle name (if any), and social security number on one line starting at the left side of the jacket tab. Leave enough space above the name to make corrections (to include a name change).
2	ENRC/OFRC	Prepare DA Form 2–1 using enlistment documents and/or other allied documents. (See table 5–2 and figs 5–3, 5–4, and 5–5.)

c. The DD Form 93 and VA Form 29-8286 or SGLV Form 8286 (SGLI Election) will be retained with OF Form 23 or DA Form 543.

d. Except as stated in paragraph e below, soldiers will hand-carry their MPRJ and transfer documents when they are enroute to a unit serviced by another MPD/PSC. Before giving the records to the soldier, the MPRJ and transfer documents will be sealed in an envelope. Inform the soldier that—

- (3) Documents will not be removed or altered.
- (4) Records will be given to an authorized person when inprocessing at the new MPD/PSC.

e. The following members will not hand-carry their records:

(1) Soldiers scheduled for separation because of board processing. Send the records to the proper transition center (TRCT).

(2) Soldiers awaiting appellate review of a courts-martial conviction. Send the records to the gaining custodian if the member is reassigned.

(3) USAR soldiers ordered to ADT, IADT, TTAD, or ADSW for 90 or more days. This includes members ordered

to AD under the split option or alternate training program, regardless of the number of days ordered to AD. Send the records to the U.S. Army Reception Battalion or the Active Army unit of attachment.

(4) ARNG soldiers ordered to ADT, ADSW for 90 days or more days and orders direct their return to their units of assignment, send copies of the following documents and records: MPRJ; reproduced or true copy of DA Form 2-1; and Health Record (DA Form 3444-series). Dental records will not be taken.

(8) Soldiers who are suspended from favorable personnel actions under AR 600-8-2.

(9) Other soldiers that the losing commander believes should not carry their own records.

f. When the MPRJ and transfer documents are mailed to a gaining command, seal them in an envelope marked "First Class". Clearly mark the envelope to indicate that the MPRJ is enclosed together with the port call date (or availability date). If the parcel weighs more than 12 ounces, mark the envelope priority. When mailed to, from, or within an overseas command, the envelope will bear a required delivery date (RDD). (SEE AR 340-3, paras 1-2 g and 3-2.). Mail the MPRJ and transfer documents early enough to arrive at the soldier's gaining MPD/PSC before the soldier arrives.

g. When a soldier's orders read for assignment to the 21st Replacement Battalion, APO NY 09057, and the soldier is not authorized to hand-carry his or her records, mail the MPRJ and transfer documents in an envelope as addressed to Personnel Officer of (Soldier's rank and name) (Soldier's SSN), Casual Mail Directory, APO New York 09743.

(1) Personnel records for each soldier of a unit being moved will be moved with the unit as to-accompany-troops (TAT) material. (Except as stated in *(c)* below, records will not accompany soldiers on the same conveyance during unit moves). Commanders concerned use the following guidance to determine the best method of moving personnel records for their units:

(a) When the size of the unit (or increment of a large organization) being moved permits, the personnel records will be kept in authorized one-drawer file cabinets or other portable containers. They will be hand-carried as TAT material by members of the unit personnel element or comparable individuals.

(b) When the size of the unit involved is so large that movement of records according to (1) above is not feasible, the personnel records will be kept in authorized one-drawer file cabinets or other suitable containers and moved as Yellow Disk TAT Material. The containers will be level A packed and clearly labeled to show that they contain personnel records. Containers will be stored in a central place to ensure easy access during shipment and to ensure that they are among the first cargo unloaded, unless the unit is loaded for tactical movement.

(c) Soldiers of a unit who move separately to the overseas destination will carry their personnel records with them according to paragraph *d* above.

(2) Personnel records of each soldier of the unit will be checked at the home station before departure to ensure that they are correct, current, and contain the proper documents.

(1) Soldiers (active and RC) deployed in support of an overseas contingency operation, under the authority of military orders format 401 as individual deployees, will hand-carry their MPRJ (to include medical/dental records) to the CRC or appropriate processing activity. Upon notification of the soldier's forward deployed unit the CRC or processing activity will forward the MPRJ to the servicing MPD/PSC.

(2) The soldier's losing station will make two deployment packets which include a copy of DA Form 2A, DA Form 2B, DA Form 2-1, ORB, copy of orders, DD Form 93, SGLI, and so forth. One copy will be retained at the losing station and second copy will be hand-carried by the soldier to the CRC or processing activity and ultimately to the forward deployed area.

The personnel records of members reported AWOL will remain at the MPD/PSC serving the member's unit of assignment until further disposition is authorized or directed. coordinating agent. (See AR 630–10, chap 3, para 3–6 *b* for inclusion the DFR packet.) The coordinating agent will send the DFR packet to the Commander, USAEREC, ATTN: PCRE–RD (USADIP), Fort Benjamin Harrison, IN 46249–5301.

As an exception, AD soldiers placed in a TDY and return status for the purpose of attending Officer Candidate School (OCS) or Warrant Officer Candidate School (WOCS) will hand-carry their MPRJ and DA Form 2A and DA Form 2–1 to the TDY station. The OCS/WOCS MPD/PSC will maintain the records for the duration of TDY. The TDY MPD/PSC will set up controls to ensure that the assigned MPD/PSC or records custodian is informed of changes in a soldier's duty status and personnel data.

(a) DA Form 3180 (Personnel Screening and Evaluation Record), if applicable.

(b) Reproduced copy of DA Form 2, DA Form 2–1, or ORB.

(c) Format identifier (FID) N Transfer Data Record (TDR).

(2) When soldiers go TDY to attend an Army service school serviced by a different SIB, send a FID N TDR. The TDR must be sent regardless of the period of TDY.

Chapter 7 Personnel Suspense Systems

Section I Introduction

7-1. Scheduling personnel suspense reports

This chapter provides rules and steps for using automated personnel suspense systems for management of key personnel information. DA Pam 600-8-6 provides specific operating instructions for the Personnel Automation Section (PAS) in the scheduling of the personnel suspense reports.

7-2. Policies

Personnel information will be reviewed on a recurring basis to ensure accuracy. Personnel suspense systems are keyed to dates of last reviews and/or birth months. When key information requires update, a notice will be generated informing the soldier and commander of the requirement.

Section II

Task: Process Good Conduct Medal Suspense Roster (AAC-C24)

7-3. Rules for processing Good Conduct Medal suspense roster (AAC-C24)

a. Upon receipt of the Good Conduct Medal Suspense Roster (AAC-C24) from Personnel Automation (PAUT) 3 months prior to the eligibility date, verify format and assignment status for soldiers for whom a suspense action is required.

b. Eligibility requirements for award of the GCMDL-ARMY are in AR 672-5-1.

7-4. Steps for processing Good Conduct Medal suspense roster (AAC-C24)

The steps for processing Good Conduct Medal Suspense Roster (AAC-C24) are as shown in table 7-1.

Table 7-1
Processing Good Conduct Medal Suspense Roster (AAC-C24)

Step	Work Center	Required action
1	ENRC	Separate rosters by unit/UIC. Prepare memos and establish suspense dates.
2	ENRC	Forward copy of roster to BNS1/UNIT for further processing.
3	BNS1	Forward roster to unit commander for review and approval/disapproval. Keep a suspense copy to ensure actions are accomplished by the suspense date indicated on the originating memo.
4	UNIT	Review roster and indicate a "yes" for approval or a "no" for disapproval. Return annotated roster to BNS1.
5	BNS1	Review roster to ensure that all required processing actions have been accomplished and forward to ENRC.
6	ENRC	Request orders.
7	ENRC	Prepare DA Form 4950 for soldiers who are being awarded GCMDL-ARMY (1st award) and/or those who are retiring.
8	ENRC	Post GCMDL-ARMY to DA Form 2-1 and file copy of order in MPRJ and/or OMPF as appropriate. Submit GCMS transaction to update database to reflect date of eligibility for next award.
9	ENRC	Enter in item 27 of DA Form 2-1, "NFC for award GCMDL-ARMY (date) AR 600-37 complied with," for soldiers who have been disapproved for award of the GCMDL-ARMY. Submit GCMS transaction to update database to reflect new date of eligibility for consideration.
10	ENRC	Forward disqualification documents to the OMPF (USAEREC), per table 2-1.
11	ENRC	Annotate/file suspense roster and file DA Form 2-1, as required.

Section III

Task: Process Armed Forces Reserve Medal (AFRM) Actions (AAC-C20)

7-5. Rules for processing AFRM actions (AAC-C20)

a. ENRC will establish procedures and coordinate with Chief, PAUT, to ensure that four copies of the Personnel Actions Suspense Roster (AAC-C20) is furnished not later than 2 months before the date that soldiers are due the award of the AFRM.

- b. The PSR displays the name, SSN, grade, and type of suspense action due.
- c. Eligibility requirements for award of the AFRM and the 10-year device are in AR 672-5-1, chapters 4 and 6.

7-6. Steps for processing AFRM actions (AAC-C20)

The steps for processing AFRM actions are as shown in table 7-2.

Table 7-2
Processing AFRM actions

Step	Work Center	Required action
1	ENRC/OFRC	Upon receipt of the AAC-C20, remove the original, and retain in suspense file.
2	ENRC/OFRC	Prepare memo, attach two copies of PSR and forward to soldier's BNS1 for unit commanders approval/disapproval.
3	BNS1	Coordinate with unit and prepare appropriate endorsement for unit commanders signature.
4	UNIT	Obtain commander's signature and return memo to BNS1.
5	BNS1	Forward memo by endorsement to MPD/PSC.
6	ENRC/OFRC	Prepare order.
7	ENRC/OFRC	Remove suspense copy of PSR and post DA Form 2-1 or ORB. If disapproved, notify soldier with reasons for disapproval.

Section IV

Task: Process Human Immunodeficiency Virus (HIV) Screening Roster (AAC-C18)

7-7. Rules for processing HIV screening roster (AAC-C18)

- a. Commanders ensure biennial (every 2 years) testing of all AD soldiers per AR 600-110.
- b. Commanders ensure that soldiers report to the Medical Treatment Facility (MTFA) for testing.
- c. PAUT will support the commander by providing the AAC-C18 (HIV Screening Roster).
- d. Test dates will be downloaded from the U.S. Army HIV Database System (USAHDS) to OMF/EMF and then to SPF; item 21, DA Form 2A and DA Form 2B will automatically reflect last date HIV test taken (update of DA Form 2A and DA Form 2B takes approximately 90 days).
- e. Incorrect test dates can only be changed through medical channels (MTFAA).
- f. No SIDPERS transactions will be submitted by the field.

Chapter 8

Occupational and Personnel Surveys

Section I

Policy for Army Surveys

8–1. The Army Occupational Survey Program (AOSP)

a. The AOSP is the Army-wide program for systematic collection of occupational and training-related information from soldiers. AR 611–3 sets forth policies for occupational surveys, and DA Pam 611–3 provides guidance for administration of AOSP surveys.

b. The Army Personnel Survey Program (APSP) is the Army-wide program for systematic collection of information on the attitudes, opinions, and behaviors of soldiers. AR 600–46 sets forth the policies for APSP.

c. Field support for AOSP and APSP is coordinated by Personnel Survey Control officers (PSCO), who are usually located in the MPD/PSC. Per AR 611–3 and AR 600–46, PSCO are appointed for MACOM, U.S. Army elements of DOD agencies and joint activities, HQDA agencies and their field operating agencies, and installations and their satellite units. The name of the PSCO must be reported to U.S. Army Personnel Integration Command (USAPIC).

d. If the PSCO is not a staff member of the MPD/PSC, the MPD/PSC will appoint a Survey Project Officer (SPO) to coordinate MPD/PSC support. (See AR 611–3 and AR 600–46.)

e. The PSCO/SPO identify eligible respondents, administering questionnaires per regulations and memorandum of instruction (MOI), and returning survey questionnaires (unless otherwise directed) within 60 days (CONUS) or 90 days (OCONUS).

f. The MPD/PSC supports the PSCO. The key activities are selecting respondents, distributing and collecting survey materials, conducting follow-up activities to ensure a high response rate, returning survey materials to USAPIC, and providing general administrative support for occupational and personnel surveys.

8–2. AOSP occupational surveys

a. Basically, there are two kinds of occupational survey questionnaires.

(1) Job incumbent survey questionnaires are developed for and administered to enlisted and warrant officer military

occupational specialty (MOS) and for commissioned officer branch (BR), functional area (FA), area of concentration (AOC).

(2) Training factor survey questionnaires are developed for and administered to MOS/BR/FA/AOC supervisors and/or subject matter experts.

b. Data collected are processed using Comprehensive Occupational Data Analysis Programs (CODAP) for use in developing and evaluating training programs, Skill Qualification Tests, Soldier's Manuals, Military Qualification Standards, and MOS/AOC Classification Manuals (AR 611-101, AR 611-112, and AR 611-201).

c. The number of questionnaires allocated to a MPD/PSC depends on the MPD/PSC share of the overall MOS/BR/FA/AOC and the sampling plan developed by AOSP.

d. DA Pam 611-3 provides specific instructions for handling occupational surveys. AOSP also will provide a MOI and checklist identifying standard additional administrative requirements.

8-3. The Army Personnel Survey Program

a. There are two kinds of personnel surveys.

(1) Sample Survey of Military Personnel (SSMP), which is conducted annually in the spring and fall.

(2) Special, one-time surveys.

b. Usually, only SSMP requires PSCO and PSD/PSC support.

c. The number of survey questionnaires allocated to a MPD/PSC depends on the total number of soldiers served by the MPD/PSC and the sampling plan developed by APSP.

d. APSP provides a MOI identifying specific requirements for each SSMP. If PSCO and MPD/PSC support is required for special surveys, special notification and instructions will be developed.

Section II

Task: Process HQDA Occupational and Personnel Surveys

8-4. Rules for processing HQDA occupational and personnel surveys

a. PSC controls survey administration when it provides support for AOSP and APSP surveys.

b. PSC will appoint a PSCO. (See also AR 611-3, Army Occupational Survey Program.)

c. MPD/PSC will provide USAPIC name of SPO.

d. USAPIC will provide a MOI and checklist setting forth specific instructions for handling each survey.

e. Per AR 611-3, AR 600-46, and the MOI, the MPD/PSC identifies the eligible respondents and selects persons to participate in the survey.

f. MPD/PSC will provide organizational data on the respondents, as specifically requested by AOSP or APSP.

g. When survey materials are mailed directly to personnel by name or to the units of the selected respondents, the MPD/PSC in special circumstances may be called upon to assist in respondent selection or survey.

h. Responses to survey items may not be disclosed. Information of a personal nature may be disclosed or released only to authorized personnel per AR 25-55 and AR 340-21.

8-5. Steps for processing HQDA occupational and personnel surveys

The steps for processing HQDA occupational and personnel surveys are as shown in table 8-1.

Chapter 10

Personnel Mobilization

Section I

Introduction

10–1. Mobilization policy

a. For purposes of this regulation, M-Day is the day the Secretary of Defense directs mobilization based on a decision by the President or the Congress. This may be either full, partial, selective, or total mobilization, but does not include the two hundred thousand call up that The President may authorize independently under section 6736, title 10, United States Code (10 USC 6736).

b. Personnel (MPRJ), Medical/Dental, and Personnel Financial Records (PFR, if applicable), will not accompany soldiers on the same conveyance during unit moves.

10–2. Disposition of records upon mobilization or deployment

a. The following tasks govern disposition of MPRJ, temporary files (maintained per AR 25–400–2), health and dental records, and personal financial records (PFR), upon mobilization/deployment.

b. During Limited Contingency Operations (such as Grenada, JUST CAUSE, DESERT STORM), the MPRJ will be retained in the servicing TOE PSC until PSC deploys. Then hand off to the installation MPD/PSC.

c. For the Forward Deployed Force, during mobilization processing, if time permits, the PSC—

(1) Audits/updates casualty documents and automated personnel qualification records.

(2) Forwards the MPRJ’s immediately upon mobilization from the PSC to Commander, ARPERCEN, ATTN: DARP–PRD–M, 9700 Page Blvd, St. Louis, MO 63132–5200.

(3) Forwards MPRJs via priority First Class Mail. Cartons used for retiring records to a Federal Archives and Record Center (NSN #8115–00–117–8249 or NSN #8115–00–290–3379), if possible, should be used to forward records.

d. Should Full Mobilization occur, installation PSC follows guidance in paragraph 10–4 below.

Section II

Task: disposition of MPRJ Upon Mobilization or Deployment

10-3. Rules for disposition of the MPRJ upon mobilization or deployment

Emergency data, identification documents, PQR and the automated Personnel Qualification Record (PQR) must be updated. (See chap 4, sec III, and chap 5, secs III and IV.)

10-4. Steps for disposition of the MPRJ upon mobilization or deployment, except Forward Deployed Force

For information on Forward Deployed Force, see paragraph 10-2 c above. The steps for disposition of MPRJ upon mobilization or deployment, except forward deployed force are as shown in table 10-1.

Table 10-1
Dispose of MPRJ upon mobilization/deployment, except forward deployed force

Step	Work Center	Required action
1	PAUT	Provide the senior command with a copy of the automated personnel database.
2	PAUT	Provide copies of each soldier's DA Form 2A and DA Form 2B (NON-TACCS) or the (TACCS) database for delivery to the gaining PSC.
3	ENRC/OFRC	After mobilization/deployment processing— a. Send each soldier's current original DD Form 93 (card) for all Active Army, Army Reserve, and Army National Guard components to: Commander, PERSCOM ATTN: TAPC-PEC 2461 Eisenhower Avenue ALEX, VA 22331-0481. b. Retain the SGLI and DD Form 93 (first paper copy) documents in the DA Form 201 (MPRJ) for all Army Components.
4	ENRC/OFRC	Retain MPRJ for at least 90 days after deployment. Upon order from Commander, PERSCOM, forward DA Form 201 (MPRJ) to include Health and Dental Records for all Army Component personnel to Commander, ARPERCEN, ATTN: DARP-PRD-M, 9700 Page Blvd, St. Louis, MO 63132-5200. (Forwarding of MPRJs will occur only upon order from CG, PERSCOM, after coordination with Commander, ARPERCEN).
5	ENRC/OFRC	After MPRJs are forwarded as required above, create temporary files in the area of operation, as required, to store backup copies of orders and other documents generated in the field. <i>Note.</i> In the event of reassignment of soldiers, temporary (Smith) files will not be transferred between MPD/PSC's. (For disposition, see AR 25-400-2.)
6	ENRC/OFRC	Send orders and other key documents to the OMPF (see table 2-3), temporary file, and the soldier, as situation permits.
7	ENRC/OFRC	After hostilities cease, forward temporary file to the OMPF custodian via use of the postal system.

Section III

Task: Disposition of Medical and Dental Records Upon Mobilization or Deployment

10-5. Rules for disposition of medical and dental records upon mobilization or deployment

a. Units not supported by a medical treatment facility (MTFA) are as follows:

(1) For rapid deployment units that do not process through a mobilization station prior to deployment or do not have access to a MTFA, procedures will be similar to that for a forward deployed force.

(2) Records will be consolidated by the unit and processed as time permits at the first MTFA during preparations for or after deployment.

(3) A health record may not be available for most ARNG, IRR, IMA, and retiree personnel, since these records may remain on file at the State or ARPERCEN, in event of mobilization.

b. Operations after deployment are as follows:

(1) Procedures for filing and storage of permanent health and dental records will be as deemed appropriate by the Commander, ARPERCEN.

(2) There will be no routine posting of these records during hostilities.

(3) Maintenance of these files will be limited to that necessary to process personnel actions requiring access to information in the stored files.

(4) Outpatient field files of deployed personnel will be maintained by the primary MTFA and will consist, in part, of the medical readiness form (MRF) which is being developed for Army-wide implementation and will be used until the concept of an Individually Carried Record (ICR) is fielded.

(5) When DD Form 1380 (U.S. Field Medical Card) (FMC) is used to document outpatient care, the original will be

forwarded to the Patient Administration System and Biostatistics Activity (PAS and BA) FSHTX 78234-6070 for AQCESS coding.

(6) This procedure does not apply in cases which result in admission to a hospital (FMC becomes part of the inpatient record). PAS and BA should refer to AR 40-66, paragraph 8-4, for disposition of the FMC after coding.

(7) If a soldier's primary treatment facility changes, the field file should be moved to the gaining facility. Hand-carrying by the soldier is permitted.

(8) If a soldier requires admission to a hospital, every attempt will be made to forward the field file. The file should be returned to the primary care facility if disposition is "Return to Duty."

10-6. Steps for disposition of medical and dental records upon mobilization or deployment

The steps for disposition of medical and dental records upon mobilization or deployment are as shown in table 10-2.

Table 10-2
Disposition of medical and dental records upon mobilization or deployment

Step	Work Center	Required action
1	MTFA	Audit each soldier's Health and Dental Record and record essential health care and POR information on an MRF.
2	MTFA	Prepare MRF based on soldier interview and any other locally data available.
3	MTFA	Provide MRF to the soldier's command, or to the soldier if an individual replacement.
4	MTFA	Hand off to the MTFA/DTFA in the area of operation (AO) responsible for providing primary medical care. MTFA will maintain the MRF in an outpatient field file for reference, as needed.
5	MTFA	Forward Deployed Force, if time permits, will follow above steps. Forward health records immediately from the medical treatment facilities to: Commander, ARPERCEN ATTN: DARP-PRD-M 9700 Page Blvd. St. Louis, MO 63132-5200. Forward Medical Records (to include Dental Record) via priority First Class Mail. Cartons used for retiring records to a Federal Archives and Record Center (NSN # 8115-00-117-8249 or NSN #8115-00-290-3379), if possible, should be used to forward records.
6	MTFA	During Limited Contingency Operation, retain Health and Dental Records at MTFA/DTFA providing primary care. Should full mobilization occur, follow guidance in the above steps.
7	MTFA	During operation after hostilities cease: Update the original Health Record by using field files.
8	ENRC/OFRC	After deployment processing, the DA Form 3444-series (Health and Dental Records) and MPRJ to include medical records will remain at the mobilization station at least 90 days after deployment.
9	MTFA	Activity responsible for maintaining the record after demobilization will accomplish the update as follows: (See steps 10, 11, and 12.)
10	MTFA	ARPERCEN for soldiers leaving the service, returning to Reserve status, or who otherwise would be serviced by ARPERCEN.
11	MTFA	State adjutant general for soldiers returning to ARNG service.
12	MTFA	Medical treatment facility for soldiers remaining on AD. Each MTFA must request records from ARPERCEN for those soldiers who are assigned for support upon demobilization.
13	MTFA	The postal system can be used to move field files to CONUS via First Class Priority Mail.
14	MTFA	The Command Surgeon will decide if the field files will be mailed by the treatment facility or forwarded to the medical command for mailing.

Section IV

Personal Financial Records (PFRs)

10-7. Disposition of Active Army financial records upon mobilization or deployment

10-8. Disposition of ARNG or USAR PFRs upon mobilization or deployment Guidance for disposition of ARNG or USAR PFRs is as follows:

- a. PFRs will not be deployed with mobilized soldiers/units.
- b. Disposition of PFRs of mobilized ARNG or USAR individual soldiers or units will be per AR 37-104-10, paragraph 2-69, and NGB Pam 37-104-3, paragraph 7-5, respectively.
- c. Commanders forward mobilization packets to F&AO conducting their mobilization processing as required by part 3, volume III, FORMDEPS.
